IFAGG information

LICENSES YEAR 2018

IFAGG new competition season is starting soon. We would like to ask you to make your license applications (gymnasts, coaches and judges) for invoicing.

Licenses are collected and applied by online register via IFAGG country member (A- or B-members). There is no need to send license applications to office by email anymore.

IFAGG will send the invoice to members, based on the information filled in the register. Please, see attached separate instructions on how to use the register.

All gymnasts (juniors, seniors, student category and children), coaches and judges who are participating in IFAGG international competitions (A- and B-category) during 2018 need to have a license for the year 2018.

There is no limitation how many licenses per team you can have.

For example, if a club / team has 16–24 children in their training group, they can order licenses for everybody. Same system applies to all categories, coaches and judges. However, team nominations for different competitions are completely different matter. Please, see [nomination of gymnast](#) and [age categories](#) for further information.

During the competition year, you can add as many persons as you wish to the register. However, it is important to start the registrations with those gymnasts, judges and coaches who will be participating in competitions in the near future (i.e. February 2018 / Miss Valentine, March 2018 / Minamo Cup, World Cup I, Challenge Cup II, AGG Spring Open and Easter Cup). Afterwards, you can add gymnasts that will be participating in the competitions later during the year.

One person can also have multiple licenses. For example, senior gymnast can also have a coach license and a judge license if she / he is in different role in different competitions and / or age categories.

The licenses must be paid to IFAGG by the IFAGG member, before the gymnasts(s) / coach / judge(s) participate in their first international competition during year 2018. License period is from 1st January 2018 to 31st December 2018.

If the license is not paid before the first international competition event, IFAGG has the right to forbid individual gymnast, coach, judge or team taking part in IFAGG competitions until necessary payments have been done.
